Springtime is Blossoming

here and there over our shop, evinced in the new

Blouses, Suits and Frocks

which are gradually usurping the reign of winter garments.

THE BLOUSES-are particularly lovely, their delicate salmon, shell pink and turquoise shades are a striking relief from the dull colors of winter-beaded and embroidered-\$5.95 to \$10.75.

THE SUITS-have abandoned many of the buttons, favored last season-beneath their rather close-fitting upper jackets, have taken an extra ripple and gather. The trench suit is especially attractive—839.50 to \$87.50.

THE DRESSES of serge choose indiscriminately between satin and Georgette and work themselves into unique panels and points-\$19.75, \$25,

WILL LEARN WHAT TRAINING GOVERNMENT EXPECTS.

EXPERT WELDERS NEEDED

state universities, colleges and public schools were arriving in Indianapolis today to attend the Indiana state Pocational education conference at the Claypool hotel this evening, at which they will learn what the federal government expects of them in training men for important duties in American industries that are working on war orders and behind the lines of Amercan troops abroad.

J. G. Collicott, state vocational director, said that in addition to 20,000 men to engage in shipbuilding that are wanted from Indiana, the federal govrnment desires and must have 20,00 trained men in various trades and crafts. The state's educational institu-tions will have to be placed on a war basis to train as rapidly as possible the specialists in various kinds of work that are desired by the government.

Welding Machines.

An example of what the government nust have is found in the situation relating to the work of men trained in operating welding machines. The gov ernment has discovered that this work is of extreme importance, and that there

is of extreme importance, and that there are only a few experienced men in this trade in the country. Germany is said is have \$0,000 expert welders at work, and the United States must get together a vast army of men trained in this trade to work behind the trenches in American industries.

Mr. Collicott said that the educators of the state have only a general idea of what will be expected of them by the government, and that the real purpose of the meeting is to give C. A. Prosser, federal, vocational director, of Washington, an opportunity to explain the government's plans. Mr. Collicott said he had received a telegram from Mr. Prosser saying that he is en route for In-

igh schools were to hold a preliminary onference at the Claypool hotel this

A National Duty

In these days the systematic saving of money is not only a personal duty but a national duty. In order to win the war the United States army and navy must be backed by the savings of the American people.

Our Savings Department affords the best possible opportunity for building up a surplus fund. Deposits are received in any amount from one dollar upward and 31/2% interest is paid.

Start your plan of careful, systematic saving TODAY.
